## AzPANA President's Letter

As I come to the end of my Presidency and reflect back on the last four years, I feel blessed to have been part of such a great organization and to have worked with such bighearted and hardworking nurses.

Being computer illiterate at the beginning of my term brought numerous challenges, but due to wonderful board members who have helped me on my journey, I have accomplished my goals. I would encourage all AzPANA members to become involved with our outstanding organization, which offers you the opportunity to work with exceptional nurses.

I thank our other outgoing members Bonnie Fickas, (Scholarship) and Sandy Aspacher, (Director of Education) for their years of service and commitment to AzPANA. We appreciate all of your time and efforts.

This past spring has been a flurry of activity. The ASPAN national convention "Towering Opportunities" was held in Chicago in April. The conference offered many educational opportunities and great speakers. AzPANA was again the recipient of the Shining Star award for the 9<sup>th</sup> consecutive year, which is a reflection of all of the CAPA and CPAN's our component holds. I was proud to receive this award for AzPANA and for all of you. The Representative Assembly was fairly quiet this year, however, a position statement was composed and successfully passed regarding the use of personal electronic devices in the workplace.
